1 INTRODUCTION

Our people connect all the achievements and achievements of their short-term, 25 years, to the name of President Islam Karimov and regard it as the unique service of this great man.

Islam Karimov was awarded with the title of "Hero of Uzbekistan", "Mustakillik" and "Amir Temur", for his great contribution to building a sovereign and independent Uzbekistan, creating a nation-wide democratic legal state, ensuring civil peace and national accord and courage and courage. He has also been awarded several honorary titles, orders and medals by several foreign states and authoritative international organizations.

2 IDEAS OF THE HEAD OF THE GOVERNMENT

Islam Karimov is a true member of the Academy of Sciences of Uzbekistan. At the same time, he selected as an Honorary Doctor and Academician of many universities and academies for his outstanding contribution to the development of the economy, science, and education.

The people of Uzbekistan connect the unparalleled accomplishments that achieved during the years of independence in the name of Islam Karimov.

And most importantly, the younger generation, the supporter and supporter of our future, is a new generation of

independent, self-sufficient, capable of taking up the modern knowledge and skills, the true owner of this country, the responsibility for the fate and future of our Motherland. It is becoming increasingly obvious how far the long-term goal is to prepare such young people as a decisive force as a state and society's priorities.

We have observed the first President of the Republic of Uzbekistan, Islam Karimov, at the last address in 2016. It has been a while since the loss of our people. The old man, both old and old, became anxious. Moreover, the relationship between the non-existent forces in the world so far thought up.

Under the leadership of the first President of Uzbekistan, the most important strategic programs aimed at strengthening the economic foundations of the sovereignty of our country, including independence of Uzbekistan in the field of grain independence, fuel and energy, transport and communications, structural transformations in the economy, the creation of modern enterprises and equipping them with advanced techniques and technologies great work has been done.

The accelerated development of the leading industries, which are the driving force of our development through the further modernization and diversification of our country, the priority

of the private property provided by the Constitution, the reforms in the development of small business and private entrepreneurship has dramatically increased the real income of the population.

3 NATIONAL TRAINING PROGRAMS

The national training program, the development and implementation of a national program of school education result of twelve years of compulsory and free, and secondary education system, the two-tier system of higher education was founded, and created a solid foundation for the training of a new generation of modern education, in the World created a reliable foundation for ensuring the competitiveness of the field.

Under the aegis of the United Nations, scholars from the Columbia University in the United States have traveled to 158 countries to conduct social studies. Uzbekistan ranks 44th out of 158 countries in the World Worship Index published in the study. It was recognized that the first place among the Commonwealth of Independent States.

"According to the World Economic Forum, which has a great influence on the international level, Uzbekistan is one of the five fastest-growing countries in the world in terms of the outcome of the 2014-2015 development and the forecast for 2016-2017.

In particular, the Surgil complex in the world, the 13-long Angren-Pop railroad, the 19.2-kilometer tunnel on the 8th complexity of the construction, the high-speed Afrosiyob train from Tashkent to Bukhara and the passenger train, produced in Uzbekistan, in Fergana valley was celebrated on the eve of the 25th anniversary of our country's independence.

Winning four gold, two silver and seven bronze medals at the recent XXI Summer Olympic Games in Rio de Janeiro, Brazil was a great victory of our policy aimed at developing children's sports and a worthy gift for young athletes to celebrate the 25th anniversary of our country.

4 CONCLUSION

Most importantly, our young people, such as a new, independent thinking, thoroughly modern knowledge and skills, able to take

responsibility for the fate and future of human beings should be noted that minors.
